# Mitsubishi Electric developed MELFinance Solutions to provide more flexibility to our Corporate Commercial customers

MELFinance helps you to manage your cash flow, while benefiting from the installation of leading Air Conditioning, Chillers, I.T. Cooling, Heating, Ventilation and Controls to reduce carbon emissions, operational costs and meet legislative demands.

## Key Benefits

- Working capital is not tied up
- Offset repayment interest against energy savings from new equipment
- Packages can include on-site installation and commissioning fees
- No need for hefty deposits: Finance deals are secured wholly or largely on the heating, cooling and/or ventilation equipment being financed
- Stronger cash flow: Releases tied-up cash and preserves other forms of credit for other business or operational needs
- Fixed, regular payments: Helps you plan for the future by eliminating uncertainty and costly surprises
- Quick decisions: We always aim to provide a prompt turnaround for funding applications

Applying for finance is easy. Once your quote for equipment, installation and commissioning is agreed, a decision on funding is normally reached by our finance providers within 24 hours.
